\$200.00/session. Includes all materials. (\$180.00 early bird payment, by June 1st)
Kids should bring a sack lunch and water bottle (Refrigerator and microwave available)

Every day will include drawing, sketching and creative problem solving, as these skills are essential to understanding and skill building in any art form. Using charcoal, pen& ink, pencil, etc., we'll explore gesture, still life, rendering and perspective. In addition, each week we'll have a different media focus. I often invite a guest artist in for part of a day to share his or her different talents with us.

June 20-24 Beads, Beads and More Beads

Start the summer off by learning skills and techniques to enjoy all season and beyond. We'll do Loom Weaving, Appliqué & Bead Embroidery (on both leather and fabric) Bead Stringing, Peyote and other stitches - and we'll even make some beads.

July 11-15 Sculpture and Mosaic

Large and messy, or controlled and precise: Ceramic Mosaic, Origami, Paper Sculpture, Yarn, Bead Mosaic, Wood Assemblage... Whether two-dimensional or 3-D, this week we'll explore it all.

July 25-29 Fiber Arts

Batik, Beading, Embroidery, Fabric Printing, Sewing (by hand and machine) and Weaving... Students will enjoy learning how fiber arts, from humble utilitarian uses to royal flamboyance, have enchanted and inspired artists the world over.

Aug 1-5 Paper, Scissors, Rock... Wire and Wood

A potpourri of favorites, we'll play games and let creative juices flow. Rock Mosaic, Paper Cut, Origami, Mola, Wire Sculpture, Wood burning and more.
